Project: Install or Replace an Asphalt Shingle Roof

"Len Adamson is professional, informative, thorough, and courteous. He went above and beyond repairing not only the roof but the drywall(with stipling)in the dining room where it had been sagging. He also repaired an existing issue with a couple of rafters as part of the repair. I am an electrician and I know a professional when I see one, especially someone who enjoys not only his work but also helping people. I am totally thrilled with the job he and his crew did. I would recommend Adamson roofing to everyone. If you need a roof call Adamson Roofing Company. Kary Satterfield, satisfied customer."
